

Running like
the wind with
Oliver, Amy's
ponytails are
bound to get
loose at some
point...

And when it does...

"I really really love space boy!!"

Meisha,
you're in
charge of
candy.

Right.

Amy,
you draw up
a design for
the pumpkin
palace.

Got
it.

Wait--

What?

Let us use
his flatbed
trailer.

We could
make a sign
that says
"agriculture
club."

And
we could
have candy
to throw at
people...

Ooh!

People
love
candy!

We need
something more
impressive than
a sign though...

*I see
her hair is
down again.*

*Is this
something you
guys want
to see?*

*Let me
know in the
comments!*

What?

About
the float.

How to
decorate
it.

Oh,

"Prom is just around the corner!
So! Just to satisfy the "Amyver" craving...
Tada!"

Ha ha!

*You
have a pretty
wild imagination
too, Opal!*

Also by Opal...

Amm.

Yeah...

*Perhaps
we could build a
giant cornucopia
full of pumpkins
and squashes
and stuff...*

Ooh!

*What if
we made a
big pumpkin
house!*

You've got a really wild imagination!"*

Tamara is quirky and scatterbrained.*

*Shafer is like milk chocolate;
Tamara is a bit bananas.*

Amy!

Well,
let's get
started with
the meeting,
shall we?

First off,
what would you guys
think about building a
float to represent the
agriculture club in the
homecoming parade
next week?

Sounds
doable.

I
think my
dad would
